### Chapter 1 by Kalil Warren

A long corridor reaching to no end. Door after Door, all with different stories, and different authors. This place is what I call home. My father, and his father ruled this land. Bringing order and peace for every story. Now, I follow in there foot steps.

As the leader of this land you get some strange cases. Like Room 213, A SC-Fi Story that was destroyed by a Story going on in Room 214. In a long story short in Room 213 was having a galactic war then out of no where Batman came in and destroyed everything with his rainbow farts. I contact the authors of Room 213 and Room 214. I apologized and gave them a new room.

### Chapter 2 by Zacky D I guess

Yes, this Hotel of stories was great, However some of the rooms had to be taped off because they were horror stories, and sometimes the horror story killers would wonder into mystery story rooms, and get themselves arrested, and i would always be the one that had to deal with the paperwork.

And sometimes people would get themselves killed in the horror story rooms, which was even worse, so i myself had to scout every room to make sure it wasn't a horror story before i gave it an author.

Chapter 3 by Megan Moffet

It's not like I hate my job it's really great but sometimes I wish I was a normal kid. Running around with some friends playing a game was much more appealing than possibly dying from some crazy story.
